

HART HOUSE
UNIVERSITY OF TORONTO

OFFICE OF THE WARDEN

16th July, 1956

Dear Miss Parlow:

Permit me to join with others of your many friends and admirers in extending my congratulations on the recognition which has been given you by the University of Alberta. I consider that in this instance the university has acted with very good judgement in telling you just how much your services have meant to the cultural life, not only of this city but of this country. May I wish for you many more years of constructive leadership in your chosen field.

Very sincerely yours,

Joseph McCulley
